## Living the Dream

As a kid growing up in Stamford, CT during the mid 70's to late 80's, I have seen & tasted lots of Italian dishes and yet nothing compares to Nana's cooking. I started working at my first pizzeria at 13 years old (Glenbrook Pizzeria) I was mopping floors for \$5 so I could play the video games. At 16 my Grandfathers close friend, Nick Lionetti, took me under his wing and exposed me to everything that goes into a pizzeria.... As the story goes, there was a 20 year gap in my life but it was when I met the most dynamic woman of God, who has always told me to take all my negative thoughts, ideas and special talents and turn them positive. So in 2006 I had a vision to build a pizzeria in honor of my Nana's and my hometown... Today as you sit in Mr Sammy's we pray you feel like family.

We can't thank you, our loyal customers enough. But we can... Give You the Best Italian Food!

Bon Appetit
